## President's Message -- Rob Larsen

It has been an interesting year with much greater abundance than forecast. The ocean has been kind to our fish and they are very healthy this year. This would seem good, but it has caused lots of management issues. The biggest issue has been reaching quotas much too soon and not having a good mechanism for in-season adjustments when abundance is greater than the forecast. Our trip to Sekiu fell victim to this, which was a major disappointment to those of us that were planning to go. This is something that must be addressed in the near future. We can hope that we get a lot

more wild fish to the spawning grounds to help relieve ESA issues.

Plentiful fish has led to some great days on the water this year. I was very busy remodeling my house, but still had a good year. I believe there should be lots of fish in the river this fall. With all the closures in the salt there should be strong returns to the rivers, so let's get out and help remove the surplus hatchery fish. I had a great time taking some kids and their dad. One of the best things is taking those that don't often fish and watching their face when they do. It is even better when it is kids.

There are lots of fish politics going on and I will be asking for help with several issues, probably the biggest will be the coastal Steelhead issues. I spent 3 hours in a workshop last week and let's just say we have a lot of work ahead of us.

I hope to see you all at the steak and corn feed on the 24th. There is always lots of good food and it is always a good time. Be sure and RSVP to Jim so we can plan correctly.

Until then tight lines--

Rob Larsen  
SOF PSA president

## Steak and Corn Feed

Our annual Steak and Corn Feed will be held August 24th, 6PM at the Veterans Memorial Park in Auburn (411 E St NE). It is located on the west side of Auburn High School's football stadium. As in all the years past, the club is paying for the PRIME RIB while the membership will bring all the Potluck items.

Like last year, we've decided to have a club swap, trade, sale event of any items you have sitting around your garage that you may want to get rid of. So, go thru your unused items, bring them along with your side dish and see what you can trade or sell. Feel free to donate them to the club if they don't sell.

**Please RSVP to Jim Hand [jimhand\\_1@hotmail.com](mailto:jimhand_1@hotmail.com) by August 21st** so that we can have the correct amount of prime rib.

## Tip of the Month – Searching for a good fishing spot near you from Carl Carver

If you are new to the area or a veteran fisherman/woman here's a little information to help you find good fishing in areas that are nearby. The link below also provides added information on best spots to fish. We hope this help you improve your success rate on the water wherever it may be.

Note: Cut and paste the link into your favorite search window.

Here are 5 things to consider when searching for a good fishing spot near you:

- Google Earth
- Maps and Mapping Software
- Seasons and conditions
- Funnel and Pinch Points

Stan Prescott took fellow club member Carl Johnson out to Pt Defiance July 6

Stan took another long time friend out July 7 for another couple of Pt Defiance chinook.

“Another trip to Pt. Defiance, this time I went by myself. Less than thirty minutes into my troll from Owens Beach to the point the rod doubles over. After two attempts to net it I finally get him into the net. Done before 5:30. Went to the boathouse the weigh him, after bleeding him in the fish box he went 22.7 lbs.”

Pics from 7-24-22

When you get a call from good friend Dan Bailey to go on the Baileys Nordhavn (Coastal Raven) you pack quickly. Great trip into the San Juan Islands for Dungeness Crab and Spot Shrimp. Photos do not do the area any justice, such a beautiful place.

## Salmon Croquettes with Cilantro Mayonnaise

Salmon Croquettes with Cilantro Mayonnaise have lots of fresh flavor from shallots, lemon, green onions, and fresh cilantro and they make a wonderful protein-packed lunch.

Tip: If you have time, shape the patties at least 20 minutes ahead of time and refrigerate them. They will hold together better when you cook them.
